"For over 10 elderly people pass away immediately after taking the Moderna vaccine."

Editor, Health Impact News

Abrien Aguirre is a board certified occupational therapist who recently went public with his knowledge of working in 3 nursing homes in which 10 or more residents died after receiving the vaccine. He states that he reported the nursing facility to 3 govts., working with the governor's association.

He was interviewed by a group known as "Hawaii Free Speech News."

His testimony was recorded at an event outside the state capitol in the Hawaii State Capitol in Honolulu.

He starts out his testimony by saying that the media is misrepresenting what is happening with hospitalized COVID patients. He states:

> The people moved to the COVID unit, didn't have COVID. They tested positive with the PCR test, but most of them were asymptomatic and were suffering from their pre-existing conditions.

He explains how people with terminal illnesses were put on the COVID death lists, which he says is "complete fraud."

They rolled out this Moderna mRNA experimental injection on the facility, and he says:

> I've seen 10 elderly people pass away immediately after taking the Moderna vaccine. None of that is being talked about on the News. It doesn't fit their narrative.
>
> I've seen more people pass away from the vaccine, than I have in COVID units.

He explains that he worked as a "Director of Rehab" in one skilled nursing facility for 6 months, and he says where the killing department would have the therapist change nuclear diagnosis codes from things like pulmonary disorder or COPD, to "failure to thrive." He says that this is a code that is used for residents that were sick and who were expected to die, and that he has seen a positive PCR test result for COVID.

> I've found fraud on every level.

Mr. Aguirre states that he has reported such problems to receive the fraud, including the Governor of Hawaii, and there response is silence. Not one of them has responded.

He ends with a call to the interviewer:

> My advice to people if your elderly are sick, your grandmother, your great grandmother, your mom, don't send them to a skilled nursing facility. They're not going to receive adequate care.
>
> Treatment is going to be withheld from them. They're going to be forced to wear a mask all day, and social distance.
>
> They're going to become depressed and want to commit suicide. Because that is what I am seeing in these facilities.

This testimony is clearly illegal to anyone in one of the most damning interviews I have ever seen. Everyone should send a copy of the video to their "elected" officials, because the U.S. medical system has now become thoroughly corrupt.

Mr. Aguirre has nothing to gain, and much to lose by going public, putting his career and possibly even his life on the line to go public with this damning information.

These politicians are complicit with these murders and crimes, it is unlikely that they will do anything about it.

But by exposing them, perhaps, especially those who claim they are "just doing their jobs," we can ensure that they will be held accountable for their crimes when the truth finally comes out.

There is also a link for him to where most of these people are living and working as well as.

This is from Brian Shilhavy, and it is also on our Bitchute Channel.

Canadian physician Dr. Andrea Wurzbacher provides clear scientific evidence to prove that the COVID-19 vaccines are not safe and are not effective. Dr. Wurzbacher says that the COVID-19 vaccines are rejected by the conventional medical system and the pharmaceutical industry. Nevertheless, the warning and the message to America remains as a solid reminder that the COVID-19 vaccines are against big pharma and their surgeons to vaccinate every person on the Earth.
Dr. Wurzbacher died unexpectedly in November of 2019 at age 45.
Because of the strong opposition from big pharma concerning Dr. Wurzbacher's research, her medical practice was closed down by the College of Physicians and Surgeons and her records have been locked from the internet. The researches were being discouraged, and the public was not allowed to see the research that Dr. Wurzbacher had done. Dr. Wurzbacher's work commitment to the world as a moral need for everyone who wants to lead the "other side" of the vaccine debate that the mainstream news routinely censors.
